PHOENIX CHARTER ACADEMY MISSION

Phoenix Academy Public Charter High School Springfield challenges resilient, disconnected students with rigorous academics and relentless supports, so they take ownership of their futures and succeed in high school, college, and beyond, as self-sufficient adults.

7 ASPECTS OF A PHOENIX SCHOLAR

- S --- Service
- C --- Community
- H --- Hope
- O --- Opportunity
- L --- Leadership
- A --- Achievement
- R --- Respect

RIGOROUS ACADEMICS AND RELENTLESS SUPPORT

There are two pillars that are central to helping you achieve at Phoenix:

✓ Rigorous Academics - High Expectations

We believe all students can, regardless of history or background, achieve great things at Phoenix by meeting our rigorous standards for academic and social-emotional skills.

✓ Relentless Support

We understand that all students need supports in order to succeed. Therefore, all staff members are deeply dedicated to holding high expectations, while simultaneously supporting scholars with many of the issues that can get in the way of coming to school and focusing on learning. The rest of this document will explain what relentless support means for scholars at Phoenix.

ACADEMICS AT PHOENIX CHARTER ACADEMY

Phoenix Charter Academy offers a **rigorous academic program** that is designed to meet the needs of all students, including many students who have not found success in traditional school environments. We offer relentless supports that scaffold the academic program. Phoenix's school design and instructional

methods include a number of proven, research-based, best practices, for small, urban, high poverty schools.

GRADUATION REQUIREMENTS

Graduation requirements at Phoenix reflect a greater focus on academic skills, rather than a simple accumulation of credits. A scholar’s progress toward achieving mastery on the critical standards and competencies for each course will determine their placement and progress toward graduation. High attenders who invest effort and focus during daily lessons typically progress to graduation more rapidly because they can show mastery of the required skills and competencies as a direct result of this effort and focus.

PCA offers a college-style system in which scholars take independent term long courses, and enroll in new courses at the end of each quarter. Scholars receive graduation credit for the quarters they complete with a C- (70) or above. Scholars can retake courses or continue to work toward mastery until they finally achieve mastery on major assessments. Our goal is to hold scholars to high standards, while also giving them more opportunities to achieve academic success. The more scholars attend and engage their focus and energy in the learning of daily lessons, the faster they can progress to mastery and to graduation.

Scholars will earn credit towards graduation in courses each term by showing mastery on major assessments that are aligned with the Phoenix Competencies, the Massachusetts Standards for English Language Arts, Math and Science Standards, or the WIDA Standards for English Language Learners.

Subject Area	Graduation Requirements
Literacy and Humanities	<p>Mastery of the major standards and competencies of Category I, II and III Literature courses in reading, writing, research and public speaking.</p> <p>Scholars must pass the ELA MCAS exam in order to earn a high school diploma in Massachusetts. Phoenix scholars are expected to earn Proficient or Advanced status on MCAS in order to demonstrate college readiness.</p>
Math	<p>Mastery of the major standards and competencies of Integrated Math I, Integrated Math II (formerly known as Geometry) and Algebra II.</p> <p>Based on their STAR assessment and demonstration of mastery on</p>

	<p>Math assessments, scholars may need to take Math Seminar or Transitions to Algebra in order to develop the required skills for success in Integrated Math I.</p> <p>Scholars must pass the Math MCAS exam in order to earn a high school diploma in Massachusetts. Phoenix scholars are expected to earn Proficient or Advanced status on MCAS in order to demonstrate college readiness.</p> <p>Statistics or Pre-Calculus is highly recommended for scholars who are pursuing admission to a four year college. These are offered as on-line courses or as dual enrollment courses at our partnering community colleges.</p>
Science	<p>Mastery of the equivalent of at least three lab focused Science courses: Intro to Science, Environmental Science, Biology, Chemistry or Physics.</p> <p>Scholars must pass one Science MCAS exam (Biology, Chemistry, or Physics) in order to earn a high school diploma in Massachusetts. Phoenix scholars are expected to earn Proficient or Advanced status on MCAS in order to demonstrate college readiness.</p>
Health and Wellness: Personal Growth Project	<p>Scholars will complete a Personal Growth Project that demonstrates the social and emotional skills needed to succeed in college and careers. they will demonstrate a mastery level of a C- (70%) or above on the following components:</p> <ul style="list-style-type: none"> ● Self assessment of strengths and areas for growth on the Phoenix Competencies ● a personal narrative essay describing their growth on the Phoenix Competencies and their goals for continued growth to prepare for college and careers ● a creative project that demonstrates their growth on the Phoenix Competencies ● a presentation of their Personal Growth Project during an Academic Exhibition or at Community Meeting (a requirement for graduating seniors) <p>College Prep or Senior Seminar Class: Scholars learn about college opportunities and the college and financial aid application process through research, college visits, and college counseling.</p>
College and Career Readiness	<p>All students will complete a College and Career Portfolio that demonstrates college and career readiness by achieving a mastery level of a C- (70%) or above on the following components:</p> <ul style="list-style-type: none"> ● Graduate Plan that is created at orientation and has been reviewed and updated each academic term ● Career Pathways Project/Plan

	<ul style="list-style-type: none"> ● College applications ● College Persistence Plan
Arts & Technology	Scholars meet this requirement through the integration of arts and technology across the Phoenix courses.
AP courses, on-line electives and dual enrollment in local colleges	Scholars who are pursuing admission to four year colleges are strongly encouraged to take advantage of AP courses, online electives and dual enrollment courses at local partner colleges to ensure that their academic record is as competitive as possible for admissions and potential financial aid opportunities.

TRANSFER OF CREDITS FROM PREVIOUS SCHOOLS

Phoenix scholars can transfer credits for any previous high school courses in which they earned a C- (70) or above. New scholars should be aware that since Phoenix is a mastery based academic program, their level of mastery of the standards and competencies will determine which courses they are enrolled in and how rapidly they progress to graduation. High attenders who invest effort and focus during daily lessons typically progress to graduation more rapidly because they master critical skills and competencies faster.

PROMOTION POLICY

PCA scholars are only promoted when they have demonstrated mastery of the academic standards for a course. Scholars receive credit when they have demonstrated 70% mastery (C-) or above in a given subject.

Scholars can earn credit and be promoted to the next level of courses each quarter through two different pathways:

Pathway 1: Mastery Portfolio: Accelerated Pathway	<p>Scholars develop and present a Mastery Portfolio that shows mastery of the major standards and competencies of the course. Scholars demonstrate academic mastery on:</p> <ul style="list-style-type: none"> ● QPAs and mini-QPAs (projects and performances) ● Interim Assessments (Midterm and Final Tests) <p>In ELA and Math, the STAR assessment is also used to determine that scholars are mastering high school level standards and competencies.</p> <p>Scholars can nominate themselves to prepare</p>
--	--

	<p>and present a Mastery Portfolio or may be nominated by a staff member. The Mastery Portfolio is rigorous, but offers an opportunity for scholars to accelerate their pace to graduation.</p> <p>Scholars who are high attenders and who invest great effort and focus in daily lessons are typically ready to show mastery on standards and competencies and progress to graduation at faster rates.</p> <p>The Mastery Portfolio also includes a Personal Growth Project where scholars present their goals and growth on the Phoenix Competencies, which are essential for success in school, college and life.</p>
<p>Pathway 2: Earning Credit Each Academic Term by Showing Mastery on the Major Assessments of the Course for Each Term</p>	<p>Scholars can earn credit for each academic term when they have shown mastery of at least a C- or 70% average. This is typically a slower pathway to graduation.</p>

English Language Learners Mastery Based Portfolio Promotion Process

English Language Learners will have the opportunity to prepare and present a Mastery Based Portfolio each quarter to ensure that their placement in English Language courses match their learning needs and to accelerate their progress toward readiness for Category I, II and III courses- and graduation. In every academic term, English Language Learners can apply for promotion to a higher level of English Language instruction and/or to Category I. When scholars apply for promotion through the Mastery Based Portfolio pathway, they will work with administrators, their advisors and teachers to assemble and present a Mastery Based Portfolio that includes:

- Grades from across courses and Advisory that show that the scholar is consistently passing or excelling in those courses
- Current examples of Quality Performance Assessments (QPAs) from two different subject areas that show how the scholar has revised/improved work and has demonstrated mastery of critical skills and content
- ACCESS data and any additional WIDA aligned assessments
- STAR assessment data for Literacy/Reading and Math and the scholar’s reflections on his/her data: The STAR Assessment will be administered to all scholars in the fall and spring to measure growth and to identify key learning needs.
- A Personal Growth Project that tells the story of the scholars growth on the Phoenix Competencies and the scholar’s goals and plans for future growth

A team of administrators and teachers will review the scholar’s Mastery Based Portfolio and Personal Growth Project with the scholar and will collectively determine whether the scholar has achieved sufficient mastery on academic skills and content and the Phoenix Competencies or if the scholar would benefit from additional learning and practice in the current level of English Language courses and should re-apply at a later date.

ASSESSMENT PLAN: WAYS TO MEASURE AND DEMONSTRATE LEARNING

Phoenix educators work to create learning environments that are rigorous, relevant and engaging and our assessments provide a variety of opportunities and modes for scholars to demonstrate mastery of content, skills and the Phoenix Competencies. Scholars will have opportunities to demonstrate their learning throughout the year on the following assessments:

Assessment: Ways to Measure and Demonstrate Learning	Description
Quality Performance Assessments (QPAs)	<p>QPAs are the dominant form of assessment at Phoenix and allow scholars to demonstrate their learning through engaging, rigorous and relevant projects, performances, and assignments that reflect the tasks they will do in college and in 21st century career pathways. Scholars should expect to revise their QPAs multiple times until they reach mastery.</p> <p>All Phoenix schools will showcase their learning on QPAs to the school community during Academic Exhibition Events at least once per quarter to celebrate progress and provide practice sharing learning with authentic audiences.</p>
Personal Growth Project	Scholars will develop projects and portfolios that demonstrate their goal setting, development, and self-assessment on the Phoenix Priority Competencies, as these are the most important factors that predict success in college and career.
College and Career Portfolio	<p>College and Career Portfolio that demonstrates:</p> <ul style="list-style-type: none"> ● Graduate Plan that is created at orientation and has been reviewed and updated quarterly ● Career Pathways Project/Plan ● College applications ● College Persistence Plan
Interim Assessment (IA) Midterm	Scholars will take a network-aligned assessment as a

and Final Tests in ELA and Math	Midterm Test and Final Test in Category I-III ELA and Math each quarter.
STAR Assessment in Literacy/Reading and Math	<p>Scholars will take the STAR assessment at the point of enrollment and at the start of each subsequent quarter to measure their growth and to pinpoint critical learning needs. The STAR assessment is also used as part of the portfolio promotion process to evaluate student mastery and to assess a scholar's readiness to master the learning of the next course or level of learning.</p> <p>Scholars participating in the Phoenix Tutoring Program will demonstrate mastery and learning needs using the STAR assessment so that tutors can pinpoint learning needs and match tutoring to the scholar's personal needs.</p>
ACCESS and quarterly WIDA aligned Quality Performance Assessments (QPAs)	<p>Scholars in the English Language Learners program will take the ACCESS exam in January of each year and will have the opportunity to complete QPAs aligned to the WIDA standards for English Language Development.</p> <p>ACCESS scores determine when a scholar has developed enough mastery of the Speaking, Reading, Writing and Listening WIDA standards to exit formal English Language Learners services.</p>
MCAS Exam (Massachusetts Comprehensive Assessment System) for English Language Arts (ELA), Math, and Science	In Massachusetts, scholars need to pass the MCAS Exam for English Language Arts (ELA), Math, and a Science course in order to earn a high school diploma. Scholars who are making academic progress and have entered Category II ELA and Integrated Math II: Geometry take the MCAS. Phoenix scholars are expected to perform well above the passing level in the Proficient or Advanced levels as college prep scholars. Scholars can take a Science MCAS that matches the Science course in which they are enrolled.
Advanced Placement (AP) Exams	Scholars in Category III or above are encouraged to take Advanced Placement courses and to earn scores on AP exams that will count toward college credit and allow them to save money on college tuition.
Accuplacer	All seniors are required to take and retake the Accuplacer college placement test until they earn scores in Reading, Writing and Math that will ensure that they place into college level courses and are not required to retake and pay for high school courses during their first year of

	<p>college.</p> <p>Accuplacer College Placement Exam Information All Category II, III and senior scholars are strongly encouraged to spend additional time practicing with the free Accuplacer practice app and free Accuplacer prep resources tools to achieve the highest scores possible each time they take the tests.</p>
SAT/ACT	<p>All seniors are required to take the new SAT (new Scholastic Aptitude Test) and/or the ACT (American College Testing Exam) at least once and are encouraged to retake the test to improve their scores.</p> <p>Critical preparation for SAT/ACT and Accuplacer happens in Category I-III Literature and Math courses, in tutoring, and in Senior Seminar. All Category II, III and senior scholars are strongly encouraged to spend additional time taking and retaking Khan Academy’s free online SAT prep course to achieve the highest scores possible each time they take the tests. Free online Khan Academy SAT prep course</p>

PROGRESS REPORTS & REPORT CARDS

Scholars will receive midterm progress reports and report cards each academic term, as well as weekly grade reviews, in advisory. Progress reports and report cards are mailed home and shared with scholars in Advisory within one week after the end of the academic term. This ensures that scholars can update their Path to Graduation swiftly and adjust where needed to accelerate to graduation. Scholars will conference and review goals and graduation plans with Advisors each time these are published. Adult supporters are encouraged to call and/or meet with Advisors at Adult Supporter Nights and individual conferences during the year to review progress and develop support plans for scholars.

PHOENIX COMPETENCIES

Scholars will have frequent opportunities to develop, practice, and reflect on the development the Phoenix Competencies, the skills and habits that are most critical for success in college and 21st century careers. The research on the habits and behaviors that result in success in college and beyond is clear ([Research Review on College Persistence](#) and [Gates Millennium Scholars Study](#)). Scholars will practice these skills and habits throughout their experiences at Phoenix to ensure that they are ready to succeed in the college and career pathways of their choice when they graduate.

RELENTLESS SUPPORT FOR PHOENIX SCHOLARS

POSITIVE YOUTH DEVELOPMENT

Positive Youth Development:

Phoenix Springfield works to anchor all school practices in Positive Youth Development and utilizes a combination of Tiered Interventions (PBIS) and Restorative Practices to help students meet school wide expectations. Below are basic description of our core philosophy:

Positive Youth Development - Phoenix's mission is based on unwavering belief in all young people. In order to bring this belief into daily school practice, Phoenix Springfield pursues the five tenets of positive youth development in all aspects of school programming. The five tenets are outlined below:

- Supportive/Trusting Relationships
- Engaging Learning Opps
- Opps to contribute
- High Expectations
- Consistency

Tiered Interventions - PBIS - Phoenix Springfield utilizes a Tier system (Tier 1, 2, 3) to help students identify actions and habits that promote academic success and social emotional well being as well as help change actions and habits that are currently acting as barriers to students set , goals of graduation and beyond. The Tier system sets clear structures for how staff will teach, prevent respond and support students to encourage positive decision making skills inside and outside of school.

Restorative Practice -Phoenix Springfield has long utilized circles as a way to restore breaks in relationships, and is increasingly a school that utilizes restorative practices more expansively. Restorative practice is about strengthening and building relationships and social connections to promote accountability and responsibility and to repair harm when relationships break down through wrongdoing, mistakes and misunderstandings.

SOCIAL, EMOTIONAL, AND BEHAVIORAL SUPPORTS

Counseling

Phoenix scholars may need intermittent or long-term counseling. While much of this counseling may not be offered directly by a Phoenix staff member at school, we do refer scholars to the appropriate counseling services. We believe that dealing with crisis through active talk-therapy is important in order to continue growing as an individual.

Case Management, Crisis Intervention and Outside Referral

Phoenix partners with many social service organizations in the local community to help provide support for the diverse range of issues our scholars are facing. Phoenix Charter Academy, in each of its three cities, has developed lasting relationships with local courts, health centers, probation offices, the Department of Children and Families, and other appropriate organizations, in order to better serve our scholars. It is the goal of the Student Support Team to ensure that scholars receive the appropriate help from these outside organizations when needed.

Advocacy

Scholars at Phoenix often need help navigating the systems of local and state agencies that are in place to provide services. Phoenix is continually building its capacity to provide help through the legal and social advocacy of our scholars.

Behavioral Growth

Scholars will have frequent opportunities to develop, practice, and reflect on the development of the core habits of mind and behaviors. Phoenix believes these core habits are critical for success in classes, college, and post college career pathways in the 21st century.

Targeted attendance and retention supports

Phoenix scholars may face multiple barriers and/or have a history of attendance challenges. Phoenix takes an active approach to helping students learn the skills of showing up and being on time through clear expectations, incentives, and structured programming. Phoenix will use multiple strategies to work with students to maintain positive attendance. Phoenix conducts weekly attendance progress checks in Advisory, and staff members do phone outreach regularly to encourage students to come to school and stay in class. For students that are demonstrating patterns of missing school we will create attendance cohorts/support networks and individual success plans that will include incentives, outreach calls and home visits.

School Social Workers

It is challenging being a teenager and young adult. The challenges that face our scholars can make it hard to focus, therefore taking time away from their learning and, thus, their ability to thrive at Phoenix. Therefore, it is the goal of the school, and of our Student Support Team, to help scholars set goals for themselves. These goals are aimed at ensuring that scholars gain the stress management and emotional regulation skills that are needed for them to remain successful at school. Every Phoenix school has 1-2 social workers to facilitate this process. The social workers are here to help scholars that are struggling with things like depression, anxiety, problems at home, with family, and at school, and other non-academic barriers, while also trying

to graduate. The social workers are also available to help connect scholars to the resources that they may need, such as housing, transportation, healthcare, childcare, outside counseling, and other case management needs.

Onsite Childcare

Every Phoenix school has the unique ability to meet the needs of parenting teens through our on-site childcare, called the “Phoenix Little Scholars Center”. This program allows parenting scholars to arrive at school, drop their children off at the onsite daycare, and attend class, while their children can begin their own education under the care of our experienced early childcare teachers. Parenting scholars also take parenting classes with classroom teachers and daycare staff.

ACADEMIC SUPPORTS

Path to Graduation Planning and Progress

Because Phoenix is different from many of the traditional schools that scholars are coming from, the path to graduation (course requirements, credits, timeline) might be different from what students expect. All scholars, in partnership with their Advisor, develop a Path to Graduation, which includes personal and academic growth goals and objectives and will be what scholars and Advisors use to discuss progress and growth. These plans are flexible documents that are updated regularly as the scholar meets goals and develops new ones and will also be used in partnership with Mastery Portfolios. Scholars can expect to check their academic and personal progress within Advisory once a week. However, it is the scholar’s responsibility to know the details of their Path to Graduation, which will include specific courses and skills that scholar will need to graduate.

In some cases, a scholar at Phoenix may progress more quickly in an academic content area based on their skill level and mastery of content. In other cases, a scholar may think that they have earned credit or mastered a course, but their testing indicates that they have not mastered the core skills. Phoenix will work with the scholar to help him/her catch up, either through individual skill building or re-enrolling in a course. It is Phoenix’s commitment to balance both ensuring that students graduate 100% ready for college, work and life as well as helping students complete high school on the fastest track possible.

Special Education Referrals and Academic Support

Upon enrollment at Phoenix, all scholars will receive the appropriate outreach and monitoring necessary to determine their eligibility for special education services. Teachers communicate with one another and SST regularly regarding individual scholar needs. The general education team, in coordination with the Academic Support Department (ASD), provides scholars with necessary interventions when appropriate. Scholars requiring additional support may enter the Instructional Kid Talk (IKT), a weekly process where a team of teachers collaborates with the ASD and other staff members in order to structure prevalent interventions and gather scholar specific data. Scholars may also be referred for special education testing by Phoenix staff, a parent, self-referral, or another adult supporter. If a parent or adult supporter is concerned about a

scholar's progress in the general curriculum and would like to make a referral for a special education evaluation, or for additional interventions within the general education classroom, they may do so by contacting the Director of Curriculum and Instruction, the Head of School, or the Manager of Academic Support (numbers listed below) or the scholar's Advisor at (413) 273-1236

Personalized Learning Blocks

From quarter 1 to quarter 4, scholars have the opportunity to work on their assignments with the aid of tutors or teachers as part of regularly scheduled classes. During a personalized learning block, scholars can get help with skills that have challenged them and/or extend and enrich their learning.

Phoenix Education Residency - AmeriCorps

One of the most unique aspects of the Phoenix Model is our ability to provide targeted and individualized academic support through members of our Phoenix AmeriCorps Education Residency Program. The mission of the Phoenix AmeriCorps Residency Program is to improve our scholar's college matriculation and success rate. Members lead one-on-one or one-on-two tutoring classes, expand extracurricular opportunities at Phoenix, and serve as additional culture leaders at Phoenix.

Advisory Calls

Advisors are often the best way to get quick updates on a scholar's progress. Advisors are expected to call home twice per month. You can get contact information for your scholar's advisor by calling the school.

CULTURAL SUPPORTS

New Scholar Orientation

Scholars who are new to Phoenix will be part of a multi-day process of orientation called Starting Strong. While orientation may look slightly different across each Phoenix school, there are 3 major goals:

- Help scholars new to Phoenix get to know how the school operates and the core expectations.
- Help Phoenix staff get to know important things about the new scholar including his/her academic profile, strengths, challenges, interests and future goals.
- Help create lasting relationships between the new scholar and staff and peers.

Advisory

Advisory is a small group time that was created with the purpose of building positive relationships and a supportive community. Each scholar is assigned to an Advisory when they enroll at Phoenix, with a staff member serving in the role of Advisor. All scholars, in partnership with their Advisor, develop a Path to Graduation, which includes personal and academic growth

goals and objectives and will be what scholars and Advisors use to discuss progress and growth. These plans are flexible documents that are updated regularly as the scholar meets goals and develops new ones and will also be used in partnership with Mastery Portfolios.

At Phoenix, we know that learning and teaching is a social experience. The more we share ideas, explore our commonalities and differences, and debate and laugh together, the stronger our community will feel. Because of this, our advisories allow scholars to engage in positive, community building relationship circles that equip them with the skills and confidence to boldly express their identities, build community with their teachers and classmates, and respond to conflict with empathy and understanding.

Advisory activities are meant to help students have a sense of personal agency and ownership over their time at Phoenix, create opportunities for community and belonging, and concrete skill building on the core meta cognitive/social emotional skills - such as communication - that are essential to future success in life.

Advisory is a credit bearing course and scholars are required to be present every day. Advisories and advisors may change over the course of a student's time at Phoenix based on student needs and interest.

Community Meeting

The Phoenix weekends as a whole community with a school-wide meeting held in the school's auditorium, also called "The Nest". Community Meetings last 15 to 30 minutes, and are a time for the scholar body as a whole to focus on the days ahead, share news and notices, and respond to events and/or occurrences that have transpired during the week. Community Meetings are led by staff and scholars alike and all scholars are welcome to be part of Community Meetings. Community Meetings are often a time to celebrate the week's accomplishments.

Academic Exhibitions and Showcases

Some Phoenix scholars will showcase their learning on the projects and performances completed in classes to the school community during Academic Exhibition Events. These events are typically held at least once per academic term. These are designed to celebrate progress and to provide scholars with practice communicating and presenting their learning to authentic audiences.

Student Government or Student Culture Committee or Student Ambassadors

Phoenix Charter Academy Springfield places an emphasis on listening to student voice and choice. As a result of that priority, the school has established a student government association. The organization will meet regularly to address important school and student issues and concerns.

FAMILY INVOLVEMENT OPPORTUNITIES AT PHOENIX

Adult Supporter Advisory & Action Committee

Parents and adult supporter advisory committee meets at the school quarterly (more often if necessary). During these meetings, the group discusses the state/culture of the school, the services provided to scholars, and to plan activities for the staff, scholars, and parents/adult supporters of the school. Any parent or adult supporter that is interested in joining the committee should contact the school. Parents of scholars with an IEP at Phoenix are strongly encouraged to attend these meetings. In addition to the Advisory & Action Committee, there is a special parent group for the parents or adult supporters of scholars who receive Special Education Services. Parents will be informed of their rights regarding Special Education as covered by state law.

Adult Supporter Conferences/Scholar Celebrations

Once per-quarter, parents and adult supporters will be formally invited to attend a conference, an open house, or a Celebration of Work at the school. These meetings will allow parents and adult supporters to meet with individual teachers and come to the school to see scholar work.

Advisory Calls

Advisors are often the best way to get quick updates on a scholar's progress. Advisors are expected to call home regularly. You can get contact information for your scholar's advisor by calling the school.

Visiting Phoenix

Phoenix invites families to visit our school at any time. In order to ensure the safety of the learning environment, all visitors must first report to the main office and sign in. Unless otherwise required by law, only visitors that are listed by our scholars and their adult supporters on their entry paperwork will be granted access to a scholar. If a scholar needs to meet with a social worker, probation officer etc., the scholar's listed adult supporter must provide written or verbal permission. If someone who is not listed as an adult supporter attempts to visit a scholar, they will be asked to leave the building. Phoenix reserves the right to deny entry to anyone whose presence might endanger the safety of its scholars and staff, or who disrupt the learning environment. Visitors are encouraged to make an appointment beforehand with the person(s) they wish to see.

PHOENIX SCHOLAR ATTENDANCE

Showing up, on time, and ready to participate is one of the most critical skills for succeeding in life. You will hear this from Phoenix staff all of the time. We know that many Phoenix scholars show up in other areas of their life even if they struggle to show up at school. We want to help scholars to build the skills to come to school so that this will not be an issue in their future school and profession. According to education research, a student's attendance directly correlates to his/her success in high school. At Phoenix, we will encourage – at every opportunity - scholars to come to school, to come on time and stay in class. We know that many scholars that come to Phoenix have struggled with attendance at other schools. One of our deepest commitments is to help scholars develop the skills and remove barriers to show up for school and for themselves.

ATTENDANCE POLICY

Scholars at Phoenix are expected to attend school every day. The more time a scholar is in school and in class, the faster he/she will demonstrate mastery in required content areas and graduate. Attending school and staying in class to learn, is the **foundation** for making progress as a scholar at Phoenix.

8 total absences a quarter is the magic number for Phoenix. Phoenix has selected this number to help scholars understand when the impact of not showing up to school may interfere with the ability to master content and progress. The consequence for missing school is: the less school you attend, the less time you are learning and the longer it may take to graduate.

Phoenix will use multiple strategies to work with students to maintain positive attendance. Phoenix conducts weekly attendance progress checks in Advisory, and staff members do phone outreach regularly to encourage students to come to school and stay in class. For students that are demonstrating patterns of missing school we will create attendance cohorts/support networks and individual success plans that will include incentives, outreach calls and home visits. This is how much we believe that showing up to school and to class is absolutely critical to learning and graduating.

Here is what scholars can expect within each school academic term:

A phone call home from a member of the support staff or the student's advisor for every absence

- Absence # 3: Advisor partners with a student in the advisory to call home and encourage the absent student to attend
- Absence # 4: Scholar receives home visit from member of the support staff
- Absence # 5: An attendance letter is mailed home, and Phoenix will request a meeting with scholar's adult supporter to develop a school attendance intervention plan

- Absence #7 – Scholar receives a home visit and will be part of attendance cohorts and supports for upcoming quarters

For the purposes of this handbook, Phoenix makes no differentiation between “excused” and “unexcused” absences. But, we do work with students to map out and anticipate life challenges – health, court, work, parenting responsibilities – that could impact attendance and develop strategies to help scholars get to school.

It is possible to lose a slot at Phoenix because of chronic absences. When a scholar stops attending school for 10 consecutive days, he/she may lose their seat at the school to a student on the waitlist, subject to the notification and exit interview requirements under the law (outlined below).

Legal notification process is as follows: Parents/guardians of all of our scholars must notify Phoenix of any absences within 3 days of the absence. All letters should be turned in to the front desk. If this notification is not received, administrators will notify the parents or guardians of the absence. Additionally, Phoenix will notify the parents/guardians of any scholar who has missed 2 or more periods unexcused over the course of 5 days (consecutively or cumulatively), or who has missed 5 days unexcused within a school year. Phoenix will offer the parent/guardian a meeting focused on developing an action plan for increased scholar attendance. The action plan will be developed jointly, and may include input from the parent/guardian, school personnel, and other agency officials who are involved with the scholar or family. (M.G.L. c. 76, sec. 1B.)

No scholar will be considered permanently unenrolled unless and until the following has occurred: (1) scholar has been absent from school for 10 consecutive days; and (2) the administrator has sent written notice to the scholar and parent/guardian, within 5 days of the 10th consecutive absence, of a meeting and exit interview with the scholar. (M.G.L. c. 76, sec. 18.)

- The notice shall be written in the primary language of the parent/guardian and in English.
- The notice shall provide 2 possible dates and times for the exit interview, but shall indicate that the parties should agree on a date and time. It should include the contact information for arranging the exit interview.
- The notice shall provide a 10-day window for scheduling the interview, but may be extended, upon parent/guardian request, by not more than 14 days.

Exit Interview

- The Head of School or designee shall oversee the exit interview process. The process may proceed without the parent/guardian, so long as there was a good faith effort to include the parent/guardian in the process.
- The interview shall include discussing the reasons for the absences and/or desire to leave school permanently, and to discuss and consider alternative education and alternative placements.
- The exit interview will include other appropriate personnel from the school, e.g. teachers, guidance staff, social workers, administrators.

This process will not apply to a scholar who presents Phoenix with a notice of withdrawal from the charter school and verification of a transfer to another public, charter, or private school in which he/she is enrolling. A scholar who transfers out of Phoenix will be immediately withdrawn and they forfeits his/her spot.

SKIPPING CLASS POLICY

Every minute of class time matters. Scholars need to be in class to learn and make progress towards graduation. Many Phoenix scholars come to Phoenix behind in one or more subjects and this makes time in class and learning even more critical to a speedy graduation. To further this important priority, teachers will refrain from sending you to separate work spaces or other classrooms to complete assignments. Why? Because we know that learning is accelerated when scholars are able to get quick, direct feedback from your teacher, and that can't happen if you're in a separate space or another class.

Like attendance, the most important consequence for missing class time is missing learning time and slowing down progress to graduation. Like most schools, Phoenix will use a system of break passes to represent agreements between scholars and teachers. Scholars will be expected to manage their own timeliness with passes and may be supported to go back to class if they have lost track of time.

Hallways disruptions can happen when too many scholars are out of class. If this becomes a scholar or school pattern, Phoenix will work individually with scholars and collectively with school culture and rules to ensure that hallways are free of noise so that scholars can learn.

What if skipping class becomes a problem? Phoenix will always try to work with scholars to understand if there are issues interfering with the ability to be in class. The first step will be to discuss what is going on and figure out actions to address the issue. If a scholar shows repeat patterns of class cutting – which include excessive lateness, abusing bathroom or other pass privileges, walking out of class without teacher agreement, the following steps will be followed to support scholar success:

- First incident: One-on-one meeting with the classroom teacher or another member of staff
- Second incident: Call or text to adult supporter
- Third incident: Processing with PYD manager to design action steps for the day
- Multiple, repeat incidents:
 - Participation in one, or several restorative circles dedicated to classroom attendance and the importance of being in the classroom
 - May result in loss of key privileges for an appropriate amount of time as determined by the leadership team including, but not limited to, the ability to use passes during that class, or the loss of off campus lunch.
 - The frequent skipping of class will result in your adult supporter being asked to come to school for meeting and the formation of an attendance agreement.

Advisors will frequently communicate with adult supporters concerning cuts and walkouts.

PUNCTUALITY POLICY

Being on time is a critical aspect of attending school and making academic progress. Considered as being a part of Phoenix's attendance policy, Phoenix invests time and resources to support scholars in getting to school on time, and maintains high expectations of scholars ability to meet this critical expectation.

Scholars are expected to arrive at school between 8:15 and 8:59 am. We encourage scholars to come early to school because the pre- class morning time can be spent in the nest having breakfast or working independently on school work in assigned areas with a designated teacher.

Lateness policy and Interventions

At Phoenix, we understand that the amount of time spent in learning is a central factor in academic progress. Our research tells us that students who attend school regularly are more likely to feel connected to Phoenix, feel in tune with their teachers, and achieve mastery quicker. We've learned that punitive attendance-based punishments that keep scholars from attending class regularly only serve as a barrier to academic progress. So, in alignment with our relentless support of scholars and our commitment to developing student identities, Phoenix will put into place interventions that both welcome you into our community and address directly the root cause as to what is preventing a you from arriving to school on time. We also understand that some mornings can be chaotic. Maybe you wake up late, or the bus didn't come on time, or the car breaks down. So, with that in mind, students can arrive late up to two times per quarter. If you are late, you'll be greeted at the door, talk briefly with a staff member about the incident, and be given a pass to class.

However, if you are late more than two times, we want to partner with you to uncover the barriers that are preventing you from getting to school on time. Therefore, if you arrive after 9:00 a.m. more than twice per quarter, you'll meet with an identified staff member to be marked present for the day. Then, you'll participate in one or all of the following activities:

1. Scholars who arrive at school after 9:00 will be greeted at the front door, and sent to a designated space. They will meet with a staff member to identify hurdles and develop strategies to improve their punctuality. Scholars will then be asked to complete a written reflection. We'll give your adult supporters a call to inform them about your late arrival, and discuss strategies to increase punctuality. Scholars will transition to class at the end of the period.
2. During lunch time later in the day or week (depending on when you're late), you'll participate in a LaunchPad circle to help explore reason for lateness, set and review goals, develop resolutions to improve punctuality
3. If a scholar is chronically late (more than 5 times in a quarter), they'll meet with the PYD manager or her designee for reflection and the creation of an attendance improvement plan.

Scholars should prioritize communication with the school in the event they are running late due to a family or personal emergency. Should a student arrive with a note from an appointment, they will proceed to their regularly scheduled class.

Scholars who leave school for lunch must return between before lunch ends. Returning late from lunch for the first time will result in a warning and the second time will result in the loss of this privilege for the remainder of the quarter.

Incentives for being on time- Being on time is an essential part of school and life success. Phoenix has developed a special set of incentives to encourage and support scholars to master this skill and persevere in the face of life challenges. One example is our on-time feather incentive. Each time a scholar arrives to class, and begins their “do now” before the bell sounds, they will earn three feathers.

CELEBRATING SCHOLAR ATTENDANCE

Scholars who demonstrate excellent attendance and punctuality will be recognized through school-wide incentives, including feathers, high rollers, and other forms of incentives and celebrations.

Attendance will be celebrated in community meetings through the **monthly** recognition of:

- Perfect Attendance
- Most improved attendance
- And the creation of advisory based attendance competitions.

PHILOSOPHY OF CODE OF CONDUCT

Phoenix Charter Academy strives to create an environment where learning comes first. A calm, consistent and positive culture that is focused on achievement is vital to the success of our scholars. Any disruption is viewed as damaging to the learning environment. School wide consistency of expectations is central to this strategy. While we seek to work with all scholars, including many who have struggled with behavioral issues in past schools, we also believe that the way to support ALL scholars is through maintaining clear expectations for scholarly conduct and supporting scholars through consistent teaching and learning of scholarly habits through clear expectations, supports and consequences that are consistent across staff member and situation. Many schools have levels or tiers for thinking about behavior and consequences. Below is Phoenix’s approach:

- **Community wide strategies for teaching and modeling core school and scholarly expectations.** Examples of this include Advisory and Circle Backs as structure for positive relationship development, teaching and learning of Phoenix Competencies, clearly articulated school norms and system of commendation, warning, and feathers for reinforcing those norms, and a relentless focus on attendance – coming to school on time and staying in class.

- **Targeted strategies for individuals and small groups struggling to meet school and scholarly expectations.** Example of this include student success plans, strong connections to community agencies and families, on site social workers, attendance cohorts and other small groups.
- **Interventions for students who have broken core safety / community norms.** Examples of this include suspensions, collaborative safety planning (with adult /community supporters), counseling and referrals, community restoration.

Circle Backs are the anchor practice at the core of Phoenix’s approach to helping students and staff members maintain strong and respectful relationships that are the foundation of a positive and high expectations learning environment. All Phoenix schools utilize circle backs to help repair relationships that have been harmed by conflicts as well as to prevent patterns of misunderstanding that can turn into larger conflicts. Circle Backs can be requested by anyone in the school community and can also be a required part of a process for managing situations that have become unsafe, disrespectful, or not conducive to the learning environment.

ACADEMIC INTEGRITY

We hold scholars to the highest standards of academic integrity. While we encourage scholar collaboration and scholars supporting each other in their academic endeavors, intentional cheating or plagiarism is not appropriate and we are committed to teaching our scholars to develop their understanding and skills in this area.

Academic integrity violations include:

- Copying another scholar’s homework or classwork.
- Copying off of another scholar during a test, quiz, or other independent assessment.
- Communicating with another scholar in any way during a test, quiz, or other independent assessment.
- Creating an unauthorized “cheat sheet” for use during a test, quiz, or other independent assessment.
- Violating a teacher’s communication expectations regarding a take-home assessment.
- Engaging in plagiarism.

It is important to coach scholars around academic integrity and to teach them explicitly what is, and what is not, acceptable in an academic setting.

Committing any academic integrity violation may result in the following consequences:

- Revising the assignment or completing an alternate assignment (an assignment may be made up at the discretion of the Director of Curriculum and Instruction)

- Parent or adult supporter called by teacher
- Restorative project to learn norms and expectations for academic integrity and teach them to others

Scholars with repeated instances may be subject to additional consequences at the discretion of the Director of School Culture and/ or the Director of Curriculum and Instruction, or a designee.

SNACK AND LUNCH POLICY

Phoenix offers breakfast, lunch, and a snack each day after school.

Scholars must order a lunch when they arrive at the school in the morning. The Code of Conduct is to be observed while out at lunch by all scholars. The rules and regulations of the Scholar Handbook will be enforced for all activities during lunch, even if scholars are “off campus”.

ON/OFF CAMPUS

While scholars are wearing the Phoenix uniform, they are representing Phoenix. Scholars are expected to be kind and respectful of our neighbors and their property. A scholar found on private property without written permission, and scholars who litter or disrespect neighbors’ property, will be held accountable for their actions as decided by a member of the school leadership team, and/or a designee.

SMOKING

Phoenix ***strongly*** discourages smoking. According to Massachusetts state law, persons under the age of 18 are not allowed to purchase cigarettes and cigars, and no scholar may use tobacco within the school buildings, the school facilities, on school grounds, or on school buses. Therefore, Phoenix’s policy is that no person under the age of 18 is allowed to smoke during school hours – anywhere. No persons that are under the age of 18 are allowed to smoke in school campus, including the parking lot. **Scholars who smoke on school grounds, school buildings, near the main gate, or on the side, adjacent to the school, will be expected to participate in restorative practices, and/or subject to disciplinary action, including the possibility of suspension from school.**

Scholars who are of legal age (18 and older) may only smoke in the park at the end of the street, and no closer, to school grounds. These scholars must use the trash receptacles for any trash.

Phoenix will call the adult supporter of any scholar under the age of 18 who is caught smoking.

UNIFORM POLICY

In order to allow scholars to focus on learning, decrease distraction, and to create a sense of community identity, Phoenix has a mandatory scholar uniform. Scholars must wear the uniform, whether on campus or at a Phoenix-sponsored event, unless told otherwise by a staff member. **Scholars must arrive at school in uniform and remain in uniform throughout the day.** Scholars who are not in uniform will be asked to get in uniform and will be expected to participate in restorative practices and/or subject to scholar discipline guidelines.

Any drug- or gang-related clothing or accessories are strictly prohibited. Phoenix reserves the right to confiscate or prohibit scholars from wearing any clothing or accessories that may be construed as drug- or gang-related or as inappropriate attire for school.

Please refer to the chart below for detailed uniform information.

White, uniform, collared shirts are available for purchase from the main office for \$10. Also available are gray fleece sweaters for \$20 and cardigans for \$22.

POSITIVE RECOGNITIONS AT PHOENIX

FEATHERS

Phoenix uses an incentive and merit system called *feathers*. Feathers are awarded to scholars for many reasons but generally fall into three areas:

- Going above and beyond
- Community building or community leadership contributions
- Personal growth, especially in an area of persistent challenge for the scholar

Feathers are personalized and meant to help each and every student recognize growth and contribution. Scholars will receive feathers, much in the same way that they will work with staff - based on their individual strengths, challenges, and development.

Examples of behaviors and activities which are often recognized with feathers are listed below:

- Scholar made scholarly contributions to the learning community.
- Scholar helped a peer overcome a challenge
- Scholar modeled Phoenix expectations for the community
- Scholar demonstrated progress/growth toward a set goal or a challenging task.
- Scholar tackled more challenging work in a positive manner.
- Scholar attended extra help or enrichment activities and demonstrated scholarly behaviors.

The schedule for rewards that may be purchased for feathers is shown below. Phoenix reserves the right to add items, remove items and adjust prices throughout the school year.

Number of feathers	Redeemable Item
5 feathers	Phoenix Reusable Water Bottle
10 feathers	Phoenix Pen
15 feathers	Binder

COMMUNITY BEADING

During Community Meeting, scholars and staff have the opportunity to recognize each other through the ritual of describing the reason for recognition and awarding beads. Beads can be given for many reasons: a specific accomplishment, a hope for someone, a personal quality, overcoming an obstacle, community leadership. Beads are given to and by both scholars and staff.

POSITIVE PHONE CALLS

Teachers and staff make positive phone calls home to make parents aware of the fabulous achievements of their scholar. These are our favorite calls to make at Phoenix!

EARNED PRIVILEGES

Scholars will have the opportunity to earn community privileges as they demonstrate the core behaviors and expectations of a scholar. Phoenix schools will have different opportunities but examples could include: off campus lunch, use of cell phone, adapted uniform.

HIGH ROLLERS CLUB

Scholars who reach goals for attendance (3 or less absences), grades (all A's and B's) and feather (earn over 800 feathers last quarter) may be eligible for the High Rollers Club.. Entry into the Club will be determined by the Assistant Head of School. Members of the Club earn special rewards, due to the trust they have earned through their excellent conduct. These special rewards include:

- Scholars may earn 200 feathers at the start of each quarter that they are members of the Club.
- Scholars may earn 2 movie passes at the start of each quarter that they are members of the Club.

- Scholars may be invited to a special lunch, paid for by Phoenix, held every quarter that they are members of the Club.
- Other items as decided by the Assistant Head of School.

Please note: If a member of the High Rollers Club loses the trust of the community through one or several actions, that member will lose all rewards and privileges associated with membership. The Director of School Culture and/or Head of School, in cooperation with the rest of the staff, will determine if and when this is necessary and if/ how the scholar may have the opportunity to repair the community relationships/ trust and regain Club privileges.

HONOR ROLL

Scholars who achieve an average of B or higher during any academic term will receive a black embroidered Phoenix Honor Roll shirt in recognition of their hard work and commitment. Honor Roll shirts may be worn as part of the school uniform. Phoenix will also host an honor roll breakfast for honor roll students and their adult supporters.

PHOENIX AWARD

The Phoenix Award is given yearly to the scholar who has “risen out of the ashes”- he or she has excelled academically during the year, and embodies all 7 aspects of a SCHOLAR.

EXPECTATIONS OF A SCHOLAR

Working with students to ensure a consistent, structured and safe learning environment is at the core of Phoenix. We expect that students will meet our baseline behavior expectations of being on time and ready to learn, being safe and respectful at all times. **Noticing, naming and commending or redirecting scholarly behavior** is the core practice that Phoenix staff will use with scholars to support individual learning and development of scholarly behavior and a positive community wide culture that supports learning. Below are some of the strategies Phoenix schools use throughout the course of the school year:

- Redirects / Warnings
- Commendations/Feathers
- Adult Supporter Calls and Conferences
- One on one student to staff discussions
- Circle Backs
- Scholar Support Planning
- Small group discussion
- Community Restoration Projects
- Suspension

The following outlines the core expectations for every Phoenix Scholar:

CELL PHONES

In order to avoid disruption of learning and culture, the use of cell phones is not permitted at Phoenix with the exception of school lunch, breakfast and passing time. Cell phones should not be used during breakfast, lunch or passing time to provoke conflict or cause harm in the community. Cell phones are expected to be out of sight during classes- all scholars in our community have Chromebooks to use for any academic research, and clocks are routinely updated throughout the building. Students frequently ask why we focus so much on appropriate use of technology in the classroom. The answer is quite simple: multitasking on phones interferes with brain focus and prevents learners from embedding learning in their long term memories and progressing to graduation more rapidly. It also interferes with being a present, mindful and active listener during collaboration with teachers and fellow scholars.

Inappropriate cell phone use extends to listening to and/or searching for music in class. During lessons and during class time, scholars are expected to participate actively in class, as both listeners and contributors to the overall learning environment. Scholars are not given the opportunity to opt out of a lesson by listening to music on their phones, with or without headphones. Unless scholars are given explicit permission by a classroom teacher during independent work time, listening to music is not permitted. If your teacher permits you to listen to music in class, it will only be allowed through the school laptops while using headphones.

Should a scholar struggle to appropriately manage cell phone use in class, the following steps will be followed to support scholar success:

1st intervention: Teacher will have a conversation with the scholar, and ask them to put phone away

2nd intervention: Teacher collects phone and holds it until the end of the period OR teacher will put in referral. If student refuses to turn in phone to teacher, the matter is referred to Ms. Thornton or Mr. Johnson

If a scholar continues to struggle with this policy, they will be invited to join a circleback led by the classroom teacher and the Manager of PYD. Participants will build resolutions to get to the heart of why a student is choosing not to manage technology in class. Additional restorative interventions could include problem-solving circles, talking circles, adult supporter notification, conflict resolution, Positive Behavior Support Plan, and/or participation in a social skills group.

Scholars may lose the privilege of carrying their phone in the building should they develop a chronic pattern of technology misuse in the classroom. The loss of phone privileges would be accompanied by a meeting with the Manager of PYD and/or Assistant Head of School to design a success plan.

If a scholar needs to stay in touch with a loved one because of an emergency, they are asked to inform the school via an online google form, or by telling their advisor who will inform the school. The school will support the student to ensure they're able to stay in touch with loved ones during times of emergency.

Adult Supporters are requested to avoid interrupting scholars at school. However, in the event of a medical or other family emergency please use the following emergency numbers:

EXPLOSIVE BEHAVIOR

Some scholars may have difficulty managing strong emotions. We offer various supports in order to help scholars learn to manage these behaviors. As our top priority is to keep the school and scholars safe, we have set the following cycle of support for scholars who have a pattern of explosive outbursts:

- A scholar who demonstrates a pattern of violent or explosive outbursts may be referred to the school Social Worker and Head of School/Manager of Positive Youth Development
- These staff members will make a recommendation for the scholar to receive outside support services that may include (but will not be limited to) counseling and supportive mentoring.
- Additional recommendations related to changing the scholar's school day, e.g. modifying the scholar's schedule, may be considered. Details will be laid out at the appropriate time, and when necessary in coordination with adult supporters and the scholar.

SCHOLAR SEARCHES

Phoenix will conduct searches of scholars and their property, including backpacks, where there is a reasonable suspicion that the scholar has violated school rules and that the evidence of such violations is in his/her possession. School lockers and desks, which are assigned to scholars for their use, still remain the property of PCA, and scholars should, therefore, have no expectation of privacy in these areas. Such areas are subject to searches by school officials at any time. Searches will be conducted with the respect of the privacy and interests of scholars to the fullest degree possible, but will also balance those concerns with our predominant interest in maintaining scholar safety and discipline. Searches will be reasonable in inception and scope; emergency situations notwithstanding, searches will take place in the presence of a school administrator and at least one other staff member. The parent(s) or guardian of a searched scholar will be notified as soon as possible to inform them that a search of their scholar is about to or has just occurred. Should a scholar refuse to cooperate with a search request, the school will confiscate the property in question.

LOCKER POLICY

Lockers are made available for student use in storing school supplies and personal items necessary for use at school. However, lockers are not to be used to store items, which cause (or can reasonably be foreseen to cause) an interference with school purposes or an educational function, or items forbidden by state law or school rules. A student who uses a locker that is the property of the school is presumed to have no expectations of privacy in that locker or the locker's content.

The student's use of the locker does not diminish the school's ownership or control of the locker. The school retains the right to inspect the locker and its contents to ensure that the locker is being used in accordance with its intended purpose, and to eliminate fire or other hazards, maintain sanitary conditions, attempt to locate lost or stolen materials such as weapons, illegal drugs or alcohol, or any other material forbidden by school rules.

In order to implement the school policy concerning student lockers, the school has the following rules and regulations:

1. LOCKS: The school will retain access to student lockers by keeping a master list of combinations or retaining a master key. Students may not use their own locks to prevent access to lockers by school officials, nor may they exchange locks with another student. Unauthorized locks may be removed without notice and destroyed. Each year, students will pay a nonrefundable fee for locker usage. The school will replace all lost or damaged locks, and students will be charged for their replacement.
2. USE OF LOCKERS: Lockers are to be used to store school supplies and personal items necessary for use at school. Lockers shall not be used to store items, which cause (or can reasonably be foreseen to cause) an interference with school purposes or an educational function, or items, which are forbidden, by state law or school rules. Students will be expected to keep their lockers clean and orderly. There are to be no stickers affixed to the lockers, either inside or out. Students are not to write on the inside or outside of the lockers with any writing instrument, whether permanent or non- permanent.
3. AUTHORITY TO INSPECT: The school retains the right to inspect lockers to ensure they are being maintained. The principal or a member of the staff designated by the principal shall conduct all inspections of student lockers.
4. INSPECTION OF INDIVIDUAL STUDENT LOCKERS: The inspection of a particular student's locker will not be conducted unless the principal or her designee has a reasonable suspicion to believe that the locker to be inspected contains items which cause (or can reasonably be foreseen to cause) an interference with school purposes or an educational function, which are forbidden by state law or school rules, or which pose an imminent and serious threat to health and safety necessitating the general search of part or all of the lockers. Whenever an individual student's locker has been inspected under this rule without the student's presence, the principal or her designee shall notify the student of such inspection as soon as practicable thereafter.
5. INSPECTION OF ALL LOCKERS: An inspection of all lockers in the school may be conducted if the principal believes that such an inspection is necessary to prevent, impede, or substantially reduce the risk of an interference with school purposes or an educational function, a physical injury or illness to any person, damage to personal or school property, or a violation of state law or school rules. Examples of circumstances justifying a general inspection of a number of lockers are when the school receives a bomb threat, when evidence of student drug or alcohol use creates a reasonable belief of an unusually high level of student use, at certain times of the school year to check for specific school supplies or equipment, or when there is a reasonable belief that weapons are stored in the lockers. If a general inspection of a number of lockers is necessary, then all lockers in the defined inspection area will be examined. Students will not necessarily be given the opportunity to be present while a general inspection is being conducted.
6. STUDENT MATERIAL: When conducting an inspection pursuant to these rules, the inspector shall take care to avoid disrupting the contents of the locker or intruding unnecessarily into any student's written material located in the locker. In addition, as to written materials, the inspection will be kept to the minimum level necessary to determine that such material is not contraband or being used to conceal contraband.
7. DISPOSAL OF CONFISCATED CONTRABAND: The principal or her designee may dispose of all contraband confiscated from lockers, as he or she deems appropriate.

Options include return to the proper owner or place (unless it poses a threat to health or safety), use as evidence in a student discipline proceeding if possession of the contraband constitutes a ground for suspension or expulsion.

8. **LOCKER CLEANING**: Nothing in these rules shall affect members of the custodial staff, who at the direction of a supervisor, clean out lockers from time to time in accordance with a general housekeeping schedule or clean out the locker of a student no longer enrolled in the school.

CLASS DISRUPTION AND REMOVAL FROM CLASS

After a series of interventions, any scholar whose behavior disrupts the learning environment and jeopardizes another scholar's education may be asked to leave class at the discretion of the teacher. This means that the scholar must report immediately to the Head of School, Assistant Head of School, or other staff designee. Being asked to leave a class for disruptive behavior will require a scholar to reflect upon and learn from his or her behavior, often with the support and guidance of a staff member. Scholars demonstrating repeat behaviors that significantly disrupt the learning environment and that are not responding to interventions may face additional consequences including emergency removal.

Emergency Removal: A Head of School may remove the scholar from school temporarily when a scholar is charged with a disciplinary offense and the continued presence of the scholar poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the Head of School's judgment, there is no alternative available to alleviate the danger or disruption. The temporary removal shall not exceed two school days following the day of the emergency removal. The Head of School shall: (a) make immediate and reasonable efforts to orally notify the scholar and the scholar's parent of the emergency removal, the reason for the need for emergency removal; (b) Provide written notice to the scholar and parent as provided for a hearing (see above "Due Process"); (c) provide the scholar and parent an opportunity for a hearing with the Head of School before the expiration of the two (2) school days, unless an extension of time for hearing is otherwise agreed to by the Head of School, scholar, and parent. Any decisions regarding the suspension of the scholar should be rendered on the same day as the hearing with a written decision no later than the following school day. A Head of School may not remove a scholar from school on an emergency basis for a disciplinary offense until adequate provisions have been made for the scholar's safety and transportation.

1. Describing and Prohibiting:

PCA defines “Bullying” as the repeated use by one or more students or a member of the school staff of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a victim that: (i) causes physical or emotional harm to the victim or damage to the victim’s property; (ii) places the victim in reasonable fear of harm to himself or of damage to his property; (iii) creates a hostile environment at school for the victim; (iv) infringes on the rights of the victim at school; or (v) materially and substantially disrupts the education process or the orderly operation of a school. Cyber-bullying shall also include (i) the creation of a web page or blog in which the creator assumes the identity of another person or (ii) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying. Cyberbullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying.

Students who participate in bullying will immediately receive consequences perhaps as severe as suspension.

All bullying is prohibited. This includes and is not limited to retaliation for bullying or for after disclosure of bullying by target. Cyberbullying of all types (as defined above) is also prohibited. Retaliation of bullying or of victims who report bullying is also prohibited and will result in severe disciplinary action. Retaliation is defined as “getting back” at any student for a perceived wrong. This includes any type of aggression or cyber response to an action by another student.

2. Reporting Procedures:

Reports received by Staff:

All accusations of bullying will be taken seriously. First, a formal report will be logged in PowerSchool by a staff member. Further, all reports will be cc’d to the Director of School Culture and the Head of School.

Second, the parent or adult supporter of the victim and accused bully will be notified by the Director of School Culture and/or the Head of School.

For retaliatory behavior, the same procedures are to be followed:

- Make record of report in PowerSchool

- Cc Head of School and Director of School Culture
- Director of School Culture or Head of School will then follow up with parents of both victim and accused and begin investigation (see below)

Reports received by Parents:

First, parents or adult supporters should call the Director of School Culture or Head of School to report bullying.

Parents or adult supporters can also disclose to another staff member who will notify the Director of School Culture or Head of School. Any staff member who receives such a report will be asked to record the report in PowerSchool.

For retaliatory behavior, the same procedures are to be followed:

- Report to Director of School Culture, Head of School, or teacher
- Make record of report in PowerSchool
- Cc Head of School and Director of School Culture
- Director of School Culture or Head of School will then follow up with parents or adult supporters of both victim and accused and begin investigation (see below)

To make an **anonymous report** of either bullying or retaliation, parents can leave a message at the Head of School’s or the Director of School Culture’s voicemail. See Staff Contacts below.

Reports received by or shared by students:

Students will be given confidential space to confide or share what they know or have experienced. After a disclosure, the above protocols will be followed, beginning with reporting to the Director of School Culture or Head of School.

To make an **anonymous report** of either bullying or retaliation, students can leave a message at the Head of School’s or the Director of School Culture’s voicemail. See Staff Contacts below. Students may also anonymously fill out the attached form.

Anonymous Report of Bullying or Retaliation

Date: _____

Is victim a member of the PCA student community?

Is the perpetrator or accused a member of the PCA student community?

Please share as much as you can about what is happening:

Thank you for taking care of your community.

This form should be dropped off in the SSC drop box. You do not need a staff present to complete this form.

3. Investigation Procedures:

After receiving any reports of bullying and or retaliation, the Head of School and/or Director of School Culture will begin an investigation in the following ways:

- Interview each party (accused and victim) and take written statements After said interview, make a report in PowerSchool under each student’s account

- Call each adult supporter to share information gleaned in interview
- Meet and make decisions as to evidence of bullying. If proper evidence shows that there is evidence of an “unsafe environment”, disciplinary procedures will begin

4. Disciplinary Action and Protection of Target and others:

Discipline:

The consequences for bullying or retaliation may include suspension and detention as well as other forms of reparation to the community. Upon re-entry to school the student (aggressor) must then sign a contract committing to ceasing all similar types of behavior.

When appropriate and necessary, parents and adult supporters will be notified of their right to contact local police and file formal complaints. All parents will be informed of their right to pursue criminal charges when appropriate through the Police Department. Additionally, the school reserves the right to file charges against a student who endangers the school community.

Prevention:

In order to prevent further acts of bullying, all parents and adult supporters of students accused or targeted in bullying will be asked to reread the bullying policies and protocols of PCA. Next, parents will be given weekly updates as to their student’s behavior by the advisor through a check-in phone call. Further, the Director of School Culture will build in Advisory lesson plans that target prevention for the entire school population.

Safety of Target and Others:

To ensure the safety of the target, PCA will hold a safety plan meeting with an adult supporter and the target. At this meeting, a strategy will be put in place to provide a safe place for the target to go (physically) and report (verbally or in written form) any incident that continues to threaten his/her safety.

Further, all targets will be provided an opportunity to meet with the Academy Social Worker after reporting bullying. She will determine if other case management needs are evident.

In an effort to maintain the safety of all students who report bullying, anonymous reporting systems are in place. Further, all students who feel threatened or triggered by bullying or harassment can request a meeting with the Director of School Culture and/or Social Worker.

Students who report feeling unsafe because of:

- Reporting bullying/retaliation
- Providing information to help an investigation of bullying/retaliation
- Witnessing an act of bullying/retaliation

will all be given the above opportunities. Further, their parents or adult supporters will be called and all parties will be invited to a meeting.

Students at PCA have the benefit of being able to leave class and visit the Student Support Center whenever issues (inside or out of school) are preventing their learning. This time away from class will be extended to all parties who fit the above description.

5. False Accusation and Retaliation:

PCA students will be informed at the beginning of every quarter of the consequences for making a false accusation of bullying or retaliation. As stated in the PCA Student Handbook, any student who knowingly makes a false accusation of bullying is subject to suspension from school for up to three days, depending upon the incident. The Head of School and Director of School Culture will follow regular suspension procedures. Upon return, the student must bring a parent or other guardian to discuss the false accusation and apologize to the person or parties accused. The suspension will be listed on the student's permanent record.

Phoenix Charter Academy views retaliation against a target for disclosure, another and more egregious incident of bullying. Therefore, students who retaliate in any way towards a target during or after an investigation of bullying are subject to consequences including suspension or possibly expulsion from school, depending upon the severity of the incident.

6. Support Services:

Phoenix Charter Academy takes seriously its responsibility to all who are affected by a bullying incident including the targeted student(s), the aggressor student(s) and the appropriate family members of involved student. Currently, we have one Director of School Culture, two full time social workers, a counseling intern and three case management staff that work with individual students on socio-emotional needs, depending upon the incident.

The targeted student will be offered counseling from the school social worker and support from the Director of School Culture as the incident is resolved and afterwards, for as long as the student needs. If the parent prefers an outside agency, PCA will make arrangements for the student to see a counselor or therapist at a neighboring agency. We currently have partnerships with three counseling agencies.

Aggressor students, after facing school consequences, may need to also see the school counselor or an outside counselor, depending upon the severity of the incident. The Student Support Team and the families of all interested parties will have input into this decision but ultimately the Director of School Culture, Head of School and school social workers will make a plan to keep the involved students and the school community safe.

The school social worker and other support staff will also offer short term counseling services to any parent or guardian and any appropriate family members that need support around a particular bullying incident.

The Director of School Culture will call and check in with parents of both targeted and aggressor students at least two weeks after an issue is resolved in order to see how both families are feeling about school safety and support at school.

7. Protection of all Students:

All Phoenix Charter Academy students have a right and expectation of the protections and supports listed above regardless of status including race, age, gender, national origin, religion,

gender identity, sexual orientation, physical, emotional or mental ability, or educational or academic ability.

8. PCA Staff Training/ Professional Development on Bullying Procedures and Prevention:

Professional development plan:

All Phoenix staff will be trained on Bullying Procedures and Prevention.

9. Adult Supporter Information:

Bullying protocols and procedures will be an ongoing topic during Adult Supporter Advisory Council meetings. These meetings occur quarterly. Parents and adult supporters will be trained on the nuances of bullying and the important role technology plays in bullying and victimizing students.

Parent component of bullying and intervention curriculum will be sent home annually.

This training will be run by the Head of School and Director of School Culture and will include the following:

- Defining bullying of all types
- Dynamics of bullying
- The internet and cyberbullying and online safety
- Bullying prevention
- Communicating with PCA staff and reporting incidents to PCA staff
- Reinforcing PCA's prevention plans at home (all training materials will also be mailed home)

To help with reinforcement of Advisory lesson plans, all advisors will be checking in with parents and adult supporters to answer questions about PCA's prevention plans.

Further, since parents are integral to the re integration and rehabilitation of both targets and accused, they will be communicated with regularly through the advisor. PCA will respond to questions and concerns of parents as they develop.

All parents will receive a copy of approved bullying plans via mail.

Scope. 603 CMR 46.00 governs the use of physical restraint on students in publicly funded elementary and secondary education programs, including all Massachusetts public school districts, charter schools, collaborative education programs and special education schools approved under 603 CMR 28.09, except as provided in 603 CMR 18.05(5)(h). - (a) Non-physical interventions would not be effective; and
- (b) The student's behavior poses a threat of imminent, serious, physical harm to self and/or others.

Physical restraint in a public education program shall be limited to the use of such reasonable force as is necessary to protect a student or another member of the school community from assault or imminent, serious, physical harm.

Physical restraint is prohibited in the following circumstances:

- (a) As a means of punishment; or
- (b) As a response to property destruction, disruption of school order, a student's refusal to comply with a school rule or staff directive, or verbal threats that do not constitute a threat of imminent, serious, physical harm.

PARENTS RIGHT TO KNOW POLICY

The federal No Child Left Behind (NCLB) Act defines new standards for teacher quality. Under NCLB, teachers must hold a Massachusetts teaching license at the Preliminary, Initial, or Professional level and demonstrate subject matter competency in the areas they teach. NCLB standards apply to the subject matter taught by teachers. For example, a teacher may be qualified to teach one subject but not another. With this in mind, we are doubling our efforts to make sure all teachers at our school are appropriately assigned to teach classes that reflect their qualifications.

Under the law, school districts must annually notify the parents/guardians of each student attending any Title I school that they may request information about the qualifications of their child's teacher and teachers:

- Whether your child's teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether your child's teacher is teaching under an emergency license or waiver through which the State qualifications or licensing criteria have been waived.
- The baccalaureate degree major of your child's teacher and any other graduate certification or degree held by the teacher, and the field or discipline of the certification or degree.
- Whether your child is provided services by paraprofessionals and, if so, give their qualifications.

Phoenix Charter Academy is committed to providing quality instruction for all students and does so by employing the most qualified individuals to teach and support each student in the classroom. If you would like to receive any of the information listed above for your child's teacher, please contact the Director of Curriculum and Instruction.

HOMELESS STUDENTS: ENROLLMENT RIGHTS AND SERVICES POLICY

PCA Homeless Youth Liaison: 413-273-1236

To the extent practical and as required by law, PCA will work with homeless students and their families to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school. Homeless students will be provided services for which they are eligible, including Head Start and comparable pre-school programs, Title I, similar state programs, special education, bilingual education, vocational and technical education programs, gifted and talented programs and school nutrition programs.

Homeless students are defined as lacking a fixed, regular and adequate nighttime residence, including:

1. Sharing the housing of other persons due to loss of housing or economic hardship;
2. Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations;
3. Living in emergency or transitional shelters;
4. Being abandoned in hospitals;
5. Awaiting foster care placement;
6. Living in public or private places not designed for or ordinarily used as regular sleeping accommodations for human beings;
7. Living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations or similar settings;
8. Migratory children living in conditions described in the previous examples.

PCA's liaison for homeless students and their families is the Academy's Social Worker.

To the extent feasible, homeless students will continue to be enrolled in their school of origin while they remain homeless or until the end of the academic year in which they obtain permanent housing.

Instead of remaining in the school of origin, parents or guardians of homeless students may enroll in the school in the attendance area in which the student is actually living, or other schools.

Attendance rights by living in attendance areas, other student assignment policies, or intra and inter-district choice options are available to homeless families on the same terms as families resident in the district.

If there is an enrollment dispute, the student shall be immediately enrolled in the school in which enrollment is sought, pending resolution of the dispute. The parent or guardian shall be informed of the district's decision and their appeal rights in writing. The district's liaison will carry out dispute resolution as provided by state rule. Unaccompanied youth will also be enrolled pending

resolution of the dispute.

Once the enrollment decision is made, the school shall immediately enroll the student, pursuant to district policies. If the student does not have immediate access to immunization records, the student shall be admitted under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible, and the district liaison is directed to assist. Records from the student's previous school shall be requested from the previous school pursuant to district policies. Emergency contact information is required at the time of enrollment consistent with district policies, including compliance with the state's address confidentiality program when necessary.

Homeless students are entitled to transportation to their school of origin or the school where they are to be enrolled. If the school of origin is in a different district, or a homeless student is living in another district but will attend his or her school of origin in this district, the districts will coordinate the transportation services necessary for the student, or will divide the costs equally. The district's liaison for homeless students and their families shall coordinate with local social service agencies that provide services to homeless children and youths and their families; other school districts on issues of transportation and records transfers; and state and local housing agencies responsible for comprehensive housing affordability strategies. This coordination includes providing public notice of the educational rights of homeless students in schools, family shelters and soup kitchens. The district's liaison will also review and recommend amendments to district policies that may act as barriers to the enrollment of homeless students.

DISCRIMINATION AND HARASSMENT

GRIEVANCE PROCEDURES:

The Board of Trustees of Phoenix Charter Academy, in compliance with the rules and regulations pertaining to total nondiscrimination, have established these procedures whereby a complaint related to the violation, interpretation of application of either Title IX or Chapter 622 (282) rules and regulations may be resolved. Students and/or their adult supporters are encouraged to use the grievance procedures when they have a complaint.

The Board of Trustees has designated a Title IX Coordinator for the purpose of coordinating efforts to comply with Title IX/Chapter 622 (282) rules and regulations. The Title IX Coordinator is responsible for acting as an advisor to any/all parties at any stage of these procedures to ensure that proper steps are followed. The coordinator may also act as mediator when requested to do so by both parties.

For students and/or adult supporters that would like to initiate formal proceedings in regards to a discrimination and/or harassment grievance, please write out a clear statement of your complaint including all the facts as you see them. The following information should be included: your name and home address; a description of what happened including names and addresses of person(s) involved, time, date and as many other details as you can remember; and any other information you think is important to help people understand your concerns. Give a copy of your written complaint to the Title IX Coordinator who will provide a copy to all parties involved. You will be given a hearing and will receive a written response. All hearings and investigations will follow due process procedures which guarantee that both parties will have the right and opportunity to present evidence, witnesses and to question witnesses at all steps. Confidentiality will be maintained by the involved parties at all levels

The Title IX Coordinator will conduct an investigation of the formal complaint and provide a written decision to both parties within twenty school days of its receipt. The Title IX Coordinator will enact appropriate action towards anyone found to be in violation of discrimination and/or harassment policies as stated above.

If you disagree with the decision of the Title IX Coordinator, you may appeal the decision, in writing, to the Board of Trustees within five school days after you receive the written decision.

The Board of Trustees will, within thirty school days of the receipt of the grievance, investigate and will respond via a written decision. The Board of Trustees will submit a copy of the decision and the reasons therefore to both parties and to the Title IX Coordinator.

The above time frames may be extended by mutual agreement.

In cases where it is determined that it is confirmed that harassment and/or discrimination has taken place between students, the Head of School will develop consequences that align with our handbook.

In cases where it is determined that it is confirmed that harassment and/or discrimination has taken place between staff and student, the staff will be referred to the Network Director of HR and consequences will align with the personnel policy.

CONCUSSION POLICY

Phoenix Charter Academy seeks to prevent concussion and provide a safe return to activity for all students after an injury, particularly after a head injury. In order to effectively and consistently manage these injuries, the Athletic Department abides by the following procedures that have been developed to aid in ensuring that concussed athletes are identified, treated and referred appropriately, receive appropriate follow-up medical care during the school day, including academic assistance, and are fully recovered prior to returning to athletic activity.

Phoenix Charter Academy has designated its Head of School (and his/her staff) who has administrative authority to oversee the implementation of these policies and protocols governing the prevention and management of sports-related head injuries. In addition, the Head of School will be responsible for: (1) supporting and enforcing the protocols, documentation, training and reporting outlined in this policy; (2) supervising and reviewing that all documentation is in place; (3) reviewing, updating and implementing policy every two years and including updates in annual training and student and parent handbooks.

The Commonwealth of Massachusetts requires annual safety training on sports-related concussion, including second impact syndrome, for coaches, certified athletic trainers, trainers, volunteers, school nurses, school and team physicians, athletic directors, directors responsible for a school marching band whether employed by a school or school district or serving as a volunteer, parent or legal guardian of a child who participates in an extracurricular athletic activity and student who participates in an extracurricular athletic activity. At Phoenix Charter Academy, school personnel are required to complete free, online training (either the National Federation of High Schools or the CDC's Heads Up Concussion training) or attend a training event organized by the athletic department and approved by the Department of Public Health.

Each student athlete must have a physical examination on an annual basis, i.e. within 12 or 13 months of the student's last physical examination (to allow for insurance coverage of the examination). Any student athlete who does not have a current physical on file with the Director of Operations, prior to the first day of try-outs/practice, is not eligible to participate until a new/updated physical is turned in. If the student's physical examination expires during the sports season, he/she must have an updated physical examination to continue to participate in the sports season

The Massachusetts concussion law requires athletes and their parents to inform coaches about prior head injuries at the beginning of each sports season. This reporting is done via the [Pre-participation Head Injury/Concussion Reporting Form](http://www.mass.gov/eohhs/docs/dph/com-health/injury/preparticipation-reporting-form.pdf) (<http://www.mass.gov/eohhs/docs/dph/com-health/injury/preparticipation-reporting-form.pdf>) and should be completed by the student's parent(s) or legal guardian(s) and the student. It must be submitted to Phoenix Charter Academy's Director of Operations, prior to the start of each season a student plans to participate in an extracurricular athletic activity. At the start of each sports season, the Director of Operations will review all pre-participation forms. At Phoenix Charter Academy head injuries or suspected concussions (after a bump, blow or jolt to the head or body) sustained during extracurricular athletic activities must be reported by the

coach as soon as possible to the Head of School. Athletes who experience signs or symptoms of a concussion should not be allowed to return to play.

If a student athlete receives a blow to the head and any signs or symptoms are present – or if the student is suspected of having a head injury – the coach must remove the student from play/practice and the student will not return to play/practice that day. The student will be referred to their primary care physician or if unavailable, emergency room. The coach will also be responsible for notification of parents/legal guardians.

All students at Phoenix Charter Academy must be cleared to return to play/practice by a licensed medical professional (physician, NP in consultation with a physician, CAT in consultation with a physician or neuropsychologist in coordination with the physician managing the student's recovery) after the graduated return to play has been completed.

COMPLAINTS PROCEDURES

The Academies and the specific individuals involved shall cooperate to the fullest extent with such review.
- (4) A complaining party who believes the complaint has not been adequately addressed by the Board of Trustees may submit the complaint in writing to the Commissioner, who shall investigate such complaint and make a written response.
